

Personal Portfolio Website

This is my personal portfolio website built using HTML, CSS, and Font Awesome icons. It showcases my skills, projects, and contact information.

Features

- Responsive design for mobile, tablet, and desktop
- Custom hamburger menu for smaller screens
- Sections:
 - About Me
 - Services
 - Projects
 - Contact
- Font Awesome icons used for modern visual touch
- Smooth scroll behavior and styled layout

Live Website

View Live Portfolio: <https://your-netlify-link.netlify.app>

Preview

(Add a screenshot of your homepage in the repo with the name screenshot.png.)

Built With

- HTML5
- CSS3
- Font Awesome

Folder Structure

/portfolio

■■■ index.html

■■■ style.css

■■■ /images

■■■ README.md

Contact

- Name: Tushar Rajput
- Email: tr776289@gmail.com
- GitHub: <https://github.com/ts5654>

How to Use

1. Clone this repository:
git clone <https://github.com/ts5654/your-repo-name.git>
2. Open index.html in your browser or live server.

Special Thanks

Thanks to the web dev community and tutorials that helped me build this.
